TO THE STATED CLERKS.

The spring meetings of the Presbyteries are now near at hand, and the General Assembly will follow soon after. I beg, therefore, to remind you how much the comfort and success of the Assembly's business, and the early issue of its minutes depend upon your promptness and accuracy. Please, then, read carefully the directions to the stated clerks of Presbyteries as found on page 134 of the minutes of the last Assembly, and comply strictly with the request, which our late lamented stated clerk there makes. Dr. Alexander knew from his large experience, the great importance of these things, and he, being dead, yet speaks to you through this page which he left behind. First, be sure to procure new blanks and cast aside all your old ones. Numerous changes have been ordered by the Assembly, especially in the Narratives of Session and Presbytery, Sessional and Presbyterial Reports of Sabbath Schools, Reports on Systematic Beneficence and Statistical Reports. The revised blanks have been printed and will be supplied at cost by the secretary of publication. Get a sufficient supply from him at once and supply all your sessions. Pastors have been writing to me for these blanks which you should supply. Second, be careful to make up all your reports accurately and fully, so that they may require no alterations when they come into my hands. Third, forward them all to me, just as soon as you have completed them. Do not wait to send, or hand them over at the Assembly. Let all statistical reports be in my hands by the 1st of May, if possible, so that the printers may have them set up by the time the Assembly meets. Forward me in advance also, any overtures for the assembly that I may classify them and have them arranged in order for presentation. Fourth, when you send the answer of your Presbytery to the proposed amendment to the Form of Government Paragraph 58, touching the expenses of Commissioners to the Assembly, do not forget the Assembly's request to report also the expenses of your Commissioners last year. (See page 30, Minutes of 1909.) Fifth, please each one notify the treasurer of your Presbytery of the amount of the Assembly's assessment (1½ cents per

The remarkable cure in two extreme cases of opium and cocaine addictions that had been made at Dr. Woolley's Sanitarium in Atlanta, Ga., were freely commented upon by The Atlanta Constitution, the leading paper in that city. The Atlanta Constitution said: "These were extreme cases, using both morphine and cocaine, each using from forty to sixty grains of morphine and from twenty to twenty-five grains of cocaine, hypodermically, in twenty-four hours. Their vital forces were impaired, they were emaciated, and were seriously in doubt about ever being cured by any method of treatment; their whole bodies almost a mass of sores as a result of the puncture of needles. Both of these patients were discharged after thirty days' treatment, neither of them taking any medicine the last fifteen days. The sores of their bodies had healed, they could sleep, there was no insomnia, no loss of appetite and no material suffering. They progressed nicely from the first dose of medicine and gained strength and flesh rapidly." Those interested can have without charge, a copy of Dr. Woolley's book on these habits and their cure by addressing, No. 18 B Victor Sanitarium, Atlanta, Ga.

member), as published on page 228 of the minutes, and have the same forwarded promptly to me, as the fiscal year closes the 31st of March.
